

[From “guardians” to “supporters”: Supported Decision Making in service provision for person with disabilities](#) [1]

Arroyo de Sande, C., Blanco Ros F., Solé i Chavero, J. M., Marroyo L., Leotti, P., Karagouni, S., ...Churchill, J. (2018). ***From “guardians” to “supporters”: Supported Decision Making in service provision for person with disabilities***. Bruxelles : EASPD.

In the framework of the Erasmus+ project I-DECIDE, a new report gathers information about the global situation of Supported Decision Making. The report reflects particularly on the support perspective and the day to day practice in the areas of personal finances, healthcare and consumer rights.
